Reviewer’s report

Title: Left main bronchus resection and reconstruction. A single institution experience

Version: 1 Date: 6 February 2012

Reviewer: Douglas Mathisen

Reviewer’s report:

Could you describe greater detail of important pericardial release for readers? Do you have distance from carina to pathology and length of mainstem resection? Are there limits to length of resection?

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
