Reviewer's report

Title: The Hybrid Approach for The Surgical Treatment of Lone Atrial Fibrillation: One-year Results Employing a Monopolar Radiofrequency Source.

Version: 1 Date: 18 March 2012

Reviewer: Claudio Francesco Russo

Reviewer's report:

It could be interesting to know the results, if available, in the same institution of the lone catheter or surgical thoracoscopic approach.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
