Reviewer’s report

Title: Early Bioprosthetic Valve Calcification with Alfacalcidol Supplementation

Version: 1 Date: 12 January 2013

Reviewer: Alfred Kocher

Reviewer’s report:

this is a nicely written report on aortic valve bioprosthesis degeneration in a patient who has taken Vitamin D substitution

the mean gradient should be mentioned

Level of interest: An article of importance in its field

Quality of written English: Acceptable
