Reviewer's report

Title: Comparison 30-day clinical complications between transfemoral versus transapical aortic valve replacement for aortic stenosis: a meta-analysis review.

Version: 1  Date: 2 December 2012

Reviewer: Gerhard Schymik

Reviewer's report:

Major Compulsory Revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I have no conflict of interest
