Reviewer's report

Title: An Unruptured, Thrombosed 10 cm Right Coronary Artery Aneurysm mimicking a Pericardial Cyst

Version: 1 Date: 2 May 2012

Reviewer: Joseph Miller

Reviewer's report:

Discretionary Revisions: This is a very well-written case report and has wonderful illustrations. My only suggestion is to narrow down the illustrations to the most relevant ones. To this, I would consider cutting Figure 3 and Figure 6.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Declaration of competing interests:
