Reviewer’s report

Title: Immunohistochemistry comparing Endoscopic Vein Extraction vs. Open Vein Harvesting on Saphenous Vein Endothelium

Version: 2 Date: 2 June 2014

Reviewer: Ricardo Corso

Reviewer’s report:

In my opinion all the suggested revisions have been accepted and the authors performed adequate text modifications.

One last comment, on page 4, Materials and methods, sentence two, the added word "preivouse", should be corrected to "previous".
