Reviewer's report

Title: Single Incision Thoracoscopic Right Upper Lobectomy with Systematic Lymph Node Dissection

Version: 2 Date: 22 September 2013

Reviewer: Masaya Tamura

Reviewer's report:

Major Compulsory Revisions

Although the authors insisted that a single incision lobectomy was possible using the same instrument as conventional VATS, some new devise is needed to ensure safety and surefire. In the view of VIDEO, the lymph node dissection was not enough quality.

Level of interest: An article of importance in its field

Quality of written English: Acceptable
