Reviewer’s report

**Title:** Life threatening biopsy from haemophilic ileopsoas pseudotumour: a case report

**Version:** 5 **Date:** 10 January 2008

**Reviewer:** tony katras

I am familiar with the literature and believe that this case meets one of the 7 criteria for evaluation in the journal: Unexpected or unusual presentations of a disease

**Has the case been reported coherently?** Yes

**Is the case report authentic?** Yes

**Is this case worth reporting?** Yes

**Is the case report persuasive?** Yes

**Does the case report have explanatory value?** Yes

**Does the case report have diagnostic value?** Yes

**Will the case report make a difference to clinical practice?** Yes

**Comments to authors:**

Very interesting and informative case report. However, there are many grammatical errors that need to be cleaned up.

**What next?** Accept after minor revisions

**Quality of written English:** Needs some language corrections before being published
