Reviewer's report

Title: Achoossification of the spinal ligaments and droplastic girl manifesting enchondromatosis and

Version: 5 Date: 20 February 2008

Reviewer: Christine Hall

I am familiar with the literature and believe that this case meets one of the 9 criteria for evaluation in the journal: New associations or variations in disease processes

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is this case worth reporting?: No

Is the case report persuasive?: No

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: No

Will the case report make a difference to clinical practice?: No

Is the anonymity of the patient protected?: Yes

Comments to authors:

Many of the images are still poor. Check the figure numbers with the text - there are some inaccuracies

What next?: Revise and resubmit

Quality of written English: Acceptable
