Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

This report provides and suggests an importance of recognition of an additional clinical symptom, Brown-Sequard syndrome, as a differential diagnosis of VAD. It is very interested and useful case report.

Quality of written English: Acceptable
