Does the case report have diagnostic value?: No

Will the case report make a difference to clinical practice?: No

Is the anonymity of the patient protected?: Yes

Comments to authors:

The article is ok
please do a 'spelling & grammar check' as there were a few typo errors.
please do a summary of the highlighted paragraph.
In the conclusion, prefer not to use the word "correct" as there is no right or wrong but rather just say standard or consensus type of treatment.
Some of the changes I already suggested in the attached text

Quality of written English: Needs some language corrections before being published
