Reviewer’s report

Title: Opitz trigonocephaly syndrome died during surgery: a case report

Version: 1 Date: 9 December 2010

Reviewer: mahmoud Rashad rashad

Which of the following following best describes what type of case report this is?: None

If other, please specify:

Presentations of rare disease

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: Yes

Is this case worth reporting?: Yes

Is the case report persuasive?: No

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

May be much better -especially u are 7- to have more than one case of the same diagnosis, especially if the diagnosis is not v rare.

Quality of written English: Acceptable
