Reviewer's report

Title: Ovarian stromal tumor with luteinized cells: a rare recurrence of a rare tumor.

Version: 2 Date: 26 February 2011

Reviewer: Kyousuke Takeuchi

Which of the following best describes what type of case report this is?: Unexpected or unusual presentations of a disease

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: No

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: No

Is the anonymity of the patient protected?: Yes

Comments to authors:

This is a presentation of a straightforward case about a relatively uncommon recurrence in bowel mucosa of a SCST.

This clinical case report is informative in emphasizing the necessity of long-term follow-up of SCST.

Quality of written English: Acceptable
