Reviewer’s report

Title: A new eosinophil associated disorder, eosinophilic parotitis: a case report

Version: 1 Date: 13 April 2011

Reviewer: Luigi Terracciano

Which of the following best describes what type of case report this is?: Presentations, diagnoses and/or management of new and emerging diseases

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: Yes

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: No

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

The case is very interesting and well reported. It would take advantage from a linguistic revision from an English medical editor

Quality of written English: Needs some language corrections before being published
