Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

Thank you for revising the manuscript, which could be considered for publication after further minor language corrections. for example, "consisted of" instead of "in", "dose" instead of "dosis", "endocranial" instead of "endocranian" and so on.

Quality of written English: Needs some language corrections before being published
