Reviewer's report

Title: Massive Right Sided Bochdalek Hernia with two Unusual Complications: a case report.

Version: 2 Date: 26 March 2011

Reviewer: Hayato Yamauchi

Which of the following best describes what type of case report this is?: Presentations, diagnoses and/or management of new and emerging diseases

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: Yes

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

General comments:
Information as to the size of the hernia should be also written, not only shown in figures.

How long time did it take for the patient to undergo the surgical treatment from the onset.

Revisions necessary for publication:
The abbreviation “NRH” given for nodular regenerative hyperplasia should be used all over this manuscript.
Figure 4; “x-ray” should be changed to “X-ray” in the title.

**Quality of written English:** Acceptable
