Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

in the discussion- Term 'coon complaints' may be replaced.
Scanner view is OK but does not highlight the admixture of BM and Adipocytes properly. Also the fields LP&HP is not represented in the Scanner view. May be difficult to get the mucosa and these fields together?

Quality of written English: Acceptable
