Reviewer’s report

Title: Successful management of allergy to the insulin excipient metacresol in a child with Type 1 Diabetes: a case report

Version: 2 Date: 19 June 2012

Reviewer: mehmet ali eren

Which of the following best describes what type of case report this is?: Presentations, diagnoses and/or management of new and emerging diseases

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: No

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

Manuscript provides beneficial information to clinical practice. However, it has been unnecessarily written long. Review the manuscript to shorten.

Quality of written English: Needs some language corrections before being published
