Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

The GFAP stain for the radiation induced glioblastoma would be an important figure to show. This is vital to showing this is glial based tumor. It needs to be included.

Quality of written English: Acceptable
