Does the case report have diagnostic value?: No

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

This paper is potentially noteworthy. The quality of English is poor, and should be improved/ edited by a native English speaker. If improved, the paper will be easier to read and follow. Right now, the large number of mistakes makes it difficult to recommend it as acceptable.

Quality of written English: Not suitable for publication unless extensively edited

Declaration of competing interests:
