Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

Dear Authors,

Thank you for the submission. However, several issues have to be addressed before publication:

1. Images of higher quality are required.
2. Don't use strings of references larger of 4 citations (e.g. don't use "1-13" string).
3. Please format the References list according the Journal's style.

Quality of written English: Needs some language corrections before being published
