Reviewer's report

Title: Jejunoduodenal intussusception caused by a solitary polyp in a young female with Peutz-Jeger's syndrome: a case report

Version: 5 Date: 18 September 2013

Reviewer: Hardik Thakker

Which of the following best describes what type of case report this is?: Unexpected or unusual presentations of a disease

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: No

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

The authors have done a good job at revising the manuscript in the light of our comments. I would want them to correct a spelling error in the case presentation section, paragraph 4...the word radyograph as radiograph.

Quality of written English: Acceptable
