Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

Dear authors

The case you report in the article may help surgeons differentiate diseases causing emergency abdominal pain.

But the manuscript need language polish before the article accepted for publishing in the journal.

The discussion section was written so simply. The section needs rewritten.
Best regards.

**Quality of written English:** Needs some language corrections before being published

**Declaration of competing interests:**

None of above.
