Reviewer’s report

Title: Yeast central nervous system infection in a critically ill patient: A case report

Version: 1 Date: 28 April 2014

Reviewer: Bernhard Schaller

Which of the following best describes what type of case report this is?: Unexpected or unusual presentations of a disease

Comments to authors:

It would be worth to add a table with previously described cases in the literature adding a summary of presenting signs, treatment etc

Declaration of competing interests:
