Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

This is a very interesting case report. However, in discussion of the case, review of literature is missing. Has there been any previous reports? The References indicate that this topic has been dealt with and published before. Some addition of literature review is desirable in the Discussion to increase the value of this report.

Level of interest: An article of importance in its field

Quality of written English: Acceptable
