Reviewer’s report

Title: The Use of Hyperbaric Oxygen Therapy in the Treatment of Central Retinal Artery Occlusion in Sickle Cell Disease.

Version: 2 Date: 28 June 2014

Reviewer: Heather Murphy-Lavoie

Which of the following best describes what type of case report this is?: An unexpected event in the course of observing or treating a patient

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: Yes

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: Yes

Is the anonymity of the patient protected?: Yes

Comments to authors:

Please specify the duration of symptoms prior to the first hyperbaric oxygen treatment and the treatment protocol used (for example was it 2.4ATA for 90 minutes twice daily for 10 days?)

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published
