Comments to authors:

Dear authors,
Thank you for the submission. However, the following issues have to be addressed before publication:
1. Abstract:
   (a) The introduction should be much shorter
   (b) The conclusions are irrelevant and missed the article main point
2. Introduction
   (a) You should expend the introduction

3. Case presentation
   (a) "topical" instead of "topic".

(b) "intervals" should be omitted

(c) Please add lip histology and colonscopy photographs of the patient

4. Conclusions
   (a) Should be short and pointed, with no reference

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published
