Reviewer's report

Title: Polyglobulia, as initial manifestation of BCR-ABL 1 positive chronic myeloid leukemia: a case report

Version: 7 Date: 19 September 2014

Reviewer: Valeria Mazzi

Which of the following best describes what type of case report this is?: Unexpected or unusual presentations of a disease

Has the case been reported coherently?: Yes

Is the case report authentic?: Yes

Is the case report ethical?: Yes

Is there any missing information that you think must be added before publication?: Yes

Is this case worth reporting?: Yes

Is the case report persuasive?: Yes

Does the case report have explanatory value?: Yes

Does the case report have diagnostic value?: Yes

Will the case report make a difference to clinical practice?: No

Is the anonymity of the patient protected?: Yes

Comments to authors:

The work is well done but some information is missing:

Case presentation
the patient presented with fatigue as the only symptom?
before diagnosis the patient was taking such medical treatments?
family history was negative for hematologic malignancies?

Level of interest: An article of importance in its field

Quality of written English: Acceptable
