Reviewer's report

Title: Natural killer cell function is depressed in Gulf War Illness.

Version: 1 Date: 23 January 2009

Reviewer: Søren Bregenholt

Reviewer's report:

The authors should include a cohort of CFS patients and perform additional functional and genomic NK cell studies, to explore whether it is possible to distinguish the two indications at that level.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
