Reviewer’s report

Title: Gastric cancers of Western European and African patients show different patterns of genomic instability

Version: 2 Date: 17 December 2010

Reviewer: hanna vauhkonen

Reviewer’s report:
could it be possible to give the exhaustive tables as supplementary data?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
I declare that I have no competing interests
