Reviewer’s report

Title: A specific immune transcriptomic profile discriminates chronic kidney disease patients in predialysis from hemodialyzed patients

Version: 4 Date: 1 April 2013

Reviewer: Wenjun Ju

Reviewer’s report:

The authors have made necessary editions in the revised manuscript and adequately addressed reviewer’s concerns. I feel this study is suitable for publication. However, as many of other studies, the reported findings warrant further validation in larger and properly control cohorts.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
