Reviewer’s report

Title: Cidofovir selectivity is based on the different response of normal and cancer cells to DNA damage

Version: 2 Date: 13 May 2013

Reviewer: Hiroyuki Sakai

Reviewer’s report:

To most of the points mentioned in my review report, the authors responded well. Now the manuscript is worth to be published in the "BMC Mediacal Genomics".

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
