Reviewer's report

Title: Polymorphisms in Nitric Oxide Synthase And Endothelin Genes Among Children With Obstructive Sleep Apnea

Version: 2 Date: 7 August 2013

Reviewer: Elias Zintzaras

Reviewer's report:

The paper is well written and it is methodologically sound.

The matching should be explained.

An adjustment for multiple corrections should be considered. Otherwise, the lack of the adjustment should be justified.

The generalized odds ratio should be calculated.

In the SNP with significant association, the mode of inheritance should be estimated.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
