Reviewer’s report

Title: Fast Gene Ontology based clustering for microarray experiments

Version: 2 Date: 7 November 2008

Reviewer: Bogdan Tanasa

Reviewer’s report:

REVIEWER’S REPORT:

The current version of the article is better-written, more organized, and provides useful and pertinent information. I consider that the changes that were made in the manuscript were very positive. The article is in a better form, and I propose its acceptance.

Major Compulsory Revisions: None
Minor Essential Revisions: None

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
