Reviewer's report

Title: Estimation of stature from foot and its segments in a sub-adult female population of North India

Version: 1 Date: 22 September 2011

Reviewer: John A. DiMaggio

Reviewer's report:

Minor Essential Revisions: I believe the two areas referencing Forensic Podiatry, specifically the first sentence under Background in the Abstract and the first two sentences under Background, need clarification.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
