Reviewer's report

Title: Developing an evidence-based clinical pathway for the assessment, diagnosis and management of acute Charcot Neuro-Arthropathy: A systematic review

Version: 2 Date: 10 July 2013

Reviewer: joanne mccardle

Reviewer's report:

I believe this paper is now ready for submission to the journal. It will add value to this area and the authors should be commended on their effort and excellent end result. It will interest the readers in both the surgery and diabetes arenas.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
