Author's response to reviews: see over
Dear Editor,

We would like to resubmit our manuscript entitled “Diagnostic and pathogenetic role of Café-au-lait macules in Nevoid Basal Cell Carcinoma Syndrome” by Ponti G. et al., corrected and modified according to the suggestions and criticisms of the Reviewer for publication in “Hereditary Cancer in Clinical Practice”.

**Reviewer 1**

Minor Revisions

1. The Table 1 has been completed and revised.

2. The word spelling of KCOT has been added in the introduction and deleted in the abstract.

We thank very much the Assessors and the Editorial Board for their helpful suggestions, which contributed to improve the scientific quality of our paper.

We therefore would like to resubmit the revised version of our manuscript.

Looking forward to hearing from you, best personal regards.

Sincerely yours

Dr. Giovanni Ponti
Assistant Professor of Clinical Pathology
Department of Clinical and Diagnostic Medicine and Public Health
