Reviewer's report

Title: The R337H Mutation in TP53 and Breast Cancer in Brazil

Version: 2 Date: 18 March 2012

Reviewer: Rodney J. Scott

Reviewer's report:

All criticisms have been addressed. One minor point, the symbols in the pedigrees need to be made a little clearer (i.e. those family members that are deceased, the cross through the symbol should be larger).

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
