Reviewer's report

Title: Familial adenomatous polyposis of the colon

Version: 1  Date: 17 June 2013

Reviewer: Grzegorz G Kurzawski

Reviewer's report:

The paper concerns important and topical issues from the standpoint of oncology, which are of great importance in the diagnosis and treatment of patients with FAP and MAP.

Minor revision

1. There is no citation for MLPA method, and the author's name contains a typing error (Shoutern instead Shouten)

5. Improvement requires minor language and typing errors. For example: Institute Of Human Genetics - page 1 and so on
               Phenotype mutation in the APC gene (Phenotype associated with mutations in the APC gene) – page 6
               (MutY, e. coli, Homolog)- page 6 and so on.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
