Reviewer's report

Title: Familial Testicular Germ Cell Tumor: No Associated Syndromic Pattern Identified

Version: 1 Date: 6 January 2014

Reviewer: Jacek Gronwald

Reviewer's report:

The manuscript is written correctly and clearly. The study group is unique. Statistical tests were chosen correctly. Doubts about the control group are described in detail in the discussion. The conclusions are formulated correctly.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
