Reviewer’s report

Title: Overview of systematic reviews of the effectiveness of reminders in improving healthcare professional behaviour

Version: 2 Date: 28 May 2012

Reviewer: Duncan Chambers

Reviewer's report:

The authors have addressed most of the issues raised in my original review and I am happy to recommend acceptance of the revised paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
