Reviewer's report

Title: Vitamin D and Kidney Transplant Outcomes: A Protocol for a Systematic Review and Meta-Analysis

Version: 1 Date: 25 March 2014

Reviewer: Sydne Newberry

Reviewer's report:

My comments are in the attachment. I did not divide them but would consider them all to be minor essential revisions, to the extent that they should at least be addressed.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
