Reviewer's report

Title: A systematic review of the pathophysiology of 5-fluorouracil-induced cardiotoxicity

Version: 5 Date: 26 April 2014

Reviewer: Zhenquan Jia

Reviewer's report:

In the review article - "A systematic review of the pathophysiology of 5-fluorouracil-induced cardiotoxicity", the authors reviewed recent advances in understanding the pathophysiology of 5-FU- and capecitabine-induced cardiotoxicity.

The grammar in the manuscript needs to be checked.
The whole citations/references should be formatted to fit for BMC Pharmacology and Toxicology

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests: None
