Reviewer's report

Title: Impact of fast-track discharge from cardiothoracic intensive care on family satisfaction

Version: 1 Date: 23 March 2015

Reviewer: Gianluca Paternoster

Reviewer's report:

MAYOR COMMENTS
The study is underpowered and represents only a single centre experience, so the conclusions of the authors are too strong! The major limitations in my opinion is that the physicians that meet the family is not the same. It was interesting to compare "SENIOR" and "JUNIOR" Physicians before publication.

MINOR COMMENTS
Does the physicians had a training in communications?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
