Author's response to reviews: see over
Dear editor,

We would like to submit a revised version of our manuscript entitled "Feasibility of a new method using two-dimensional transesophageal echocardiography for aortic annular sizing in patients undergoing transcatheter aortic valve implantation; a case-control study" for publication in the BMC Cardiovascular Disorders Journal.

1-Line numbering was added as requested.

2- a sentence was added for standards of reporting and ethical issues. Please see manuscript lines 91-92

3- competing interests were clarified in the manuscript. Please see manuscript lines 225-226.

4- Authors contribution is clarified in the letter to editor.

Looking forward to hearing from you.

Regards,

On behalf of the authors,

M. Sherif, MF, FESC
