Reviewer's report:

This manuscript addresses an important topic and has very good methodology. Most of the discussions are from the data used in the result. However, the recommendation made in conclusion part of the abstract is not included in the body of the text and thus needs to be addressed. Some language corrections and editing works need to be done as well.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
