Reviewer's report

Title: Assessment of hypertension management and control: a registry-based observational study in two municipalities in Cuba

Version: 2 Date: 26 Dec 2018

Reviewer: Leopold Aminde

Reviewer's report:

Thanks for the responses.

Still some minor ommision in Table 1. As you indicate "No. (%)/ mean" in column 2 for total population, please do same for subsequent columns for JAE, Moncada, Finlay & Grimau, where you seem to miss "No." and have indicted just "%/mean". In its current form, might be confusing to the reader. Hopefully that can be adjusted at during e-proof prior to publication.

Otherwise, good work. I have no further comments.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
