Title: Treatment of aortic thrombosis with retrievable stent filter and thrombolysis: a case report

Version: 0 Date: 17 Dec 2018

Reviewer: Nirmanmoh Bhatia

Reviewer’s report:

The authors should be congratulated for describing an interesting case of using retrieval stent filter with thrombolysis for treating aortic thrombosis.

My biggest concern with this manuscript is that this is written by non-native english speakers and is difficult to read and comprehend given the extensive grammatical and language errors. These make this manuscript unsuitable for publication in its current form in an English language journal.
