Title: Prevalence and Factors associated with Road Traffic Incident among Adolescents and Children in the Hospitals of Amhara National Regional State, Ethiopia

Version: 3 Date: 08 Nov 2018

Reviewer: Fiona Lecky

Reviewer's report:

Thank you for addressing my suggestions comprehensively, there are however frequent if now much smaller grammatical errors e.g lines 13/14

"From the total death that happened in the past elsewhere, 93% of the problem happened in Low and middle-income countries"

Should be "Data suggests that 93% of child road traffic incident deaths occur in LMICs”. A grammar programme in word should correct most of these.

There is a row in table 1 which needs clarification - activity at time of RTI adds up to > 166 the total RTC numbers
