Title: The Emergency Medical System (EMS) response to Iraqi pilgrims’ bus crash in Iran: A case report

Version: 1 Date: 12 Apr 2019

Reviewer: Fabian Kooij

Reviewer’s report:

The authors have done a commendable effort in rewriting the manuscript into a case report, which fits the manuscript and the message they want to convey better I think.

The reproachful tone that I perceived in the initial manuscript is much less. The English of the manuscript is still not good enough for publication however. This would need to be sorted.

With the english corrected, the article would be suitable as a case report in my opinion.
